

Hold the scissors with your thumb and middle finger. Use your index finger to stabilize it. Remember to turn the paper, not the scissors, for smoother cuts.

Take the cap off, screw it up a little bit. Start in the center of the back of the image. "Draw" lines radiating out. Get all the edges. Put the cap back on! Smooth it all out from front and press so that it sticks down.

Create a story or something abstract a surreal episode, a silly tale, something scary or an uplifting view. Cut or tear shapes, choose colors for contrast. Use minimal or many elements. Have fun! Don't overthink it just play!
